Provide a brief description of the project (type or print): _____

Project Details:

Using separate sheets and/or attachments, please include the location of the work relative to your home and property set-back line. Include drawings showing the dimensions and location of the structure. Describe materials to be used. For fences, indicate heights and location with respect to property lines and house/garage. Provide details regarding roofing product, color, style and manufacturer. For color changes, provide manufacturer’s paint chip. Also, include any supplemental photos, sketches, and catalog illustrations that will assist the ACC when reviewing the application. The ACC may request additional information to complete a full review of the proposed project.

Acknowledgement:

By signing this document, I acknowledge the plot plan, supporting materials and work proposed represent my intent. I agree to comply with any and all Chipeta Estates CCRs and policies pertaining to the work proposed. I have read and understand Chipeta Estates CCRs as they apply to setbacks, material, and height restrictions, and any fence is built within my lot lines. I understand that any improvement on an easement or which does not meet setback requirements are subject to removal at my expense. I understand approval by the Architectural Control Committee does not constitute approval of the local building departments regarding building code requirements and that any permits required are my responsibility. I understand the ACC has 30 days to review and approve my application.
